V. NRA PISTOL INSTRUCTOR TRAINING
NRA PISTOL INSTRUCTOR TRAINING

The NRA Pistol Instructor Training Course consists of two parts:

- Part one: Basic Instructor Training (6 hours)
- Part two: NRA Pistol Instructor Training (10 hours)

This chapter contains the lesson plans for part two of the NRA Pistol Instructor Training Course. Training Counselors are encouraged to use PowerPoint® presentations whenever possible.

Prior to conducting the NRA Pistol Instructor Training Course, Training Counselors must:

- Email the NRA Basics of Pistol Shooting Instructor Led Training (ILT) and Blended ILT Lesson Plan to each candidate with instructions to print/download and bring to class.
- Ensure candidates complete the pre-course questionnaire, Appendix 1.
- Ensure candidates have completed the Instructor Led Training (ILT) for The Basics of Pistol Shooting

The pre-course qualification in Appendix 5 must be conducted prior to or during the course. Only those candidates who achieve satisfactory scores in the pre-course qualification, and who meet other specified requirements for NRA Pistol instructors are eligible for certification. The pre-course qualification includes the following:

1. The NRA pre-course qualification will have a minimum passing score of 80 out of a possible 100 points.
COURSE OUTLINE

NRA Pistol Instructor Training

Course Goal: To develop NRA Certified Instructors who possess the knowledge, skill, and attitude necessary to conduct the NRA Basics of Pistol Shooting Course.

Remaining Length of Course: 10 hours

Course Lessons:

Lesson VI. Introduction to NRA Basics of Pistol Shooting Lesson Plans (30 minutes)

Lesson VII. Teaching Pistol Lesson I: Pistol Knowledge and Safe Handling (90 minutes)

Lesson VIII. Teaching Pistol Lesson II: Ammunition Knowledge and the Fundamentals of Pistol Shooting (90 minutes)

Lesson IX. Basic Pistol Shooting Instructional Method (60 minutes)

Lesson X. Teaching Pistol Lesson III: Shooting Positions and Shooting Qualification (90 minutes)

Lesson XI. Evaluating and Improving Performance of Beginning Pistol Shooters (60 minutes)

Lesson XII. Teaching Pistol Lesson IV: Scoring Targets, and Selecting and Maintaining a Pistol (45 minutes)

Lesson XIII Teaching Pistol Lesson V: Continued Opportunities for Skill Development (45 minutes)

Lesson XIV Using NRA Basics of Pistol Shooting Course Evaluation, Performance Requirements Checklist and Pistol Instructor Examination and Course Conclusion (90 minutes)

NO LIVE AMMUNITION IN CLASSROOM
REQUIRED NRA MATERIALS

NRA Pistol Instructor Training Course

(Visit materials.nrahq.org for item numbers and prices.)

One per candidate:

- *NRA Trainer’s Guide*
- NRA Basics of Pistol Shooting Instructor Led Training (ILT) and Blended ILT Lesson Plans
  Note: Though the lesson plan for Instructor Led Training (ILT) is used for this course, both the ILT and Blended lesson plans must be given to the candidate.
- *NRA Guide: Basics of Pistol Shooting Handbook*
- *NRA Trainer’s Exam* (Available on your NRAInstructors page)
- *NRA Pistol Instructor Exam* (Available on your NRAInstructors page)
- NRA Instructor Course Completion Card

For display:

- NRA Pistol Instructional Wall Charts
- NRA Range Safety Poster
- Marksmanship Qualification Program Booklet
Lesson VI: Introduction to *NRA Basics of Pistol Shooting Lesson Plans*

**Learning Objectives:** As a result of their participation in this training session, instructor candidates will be able to:

- State the goal of the NRA Basics of Pistol Shooting Course.
- Describe the structure of the *NRA Basics of Pistol Shooting Lesson Plans*.
- Explain NRA policies on safety procedures, course length, required materials, and teaching methods to be followed when conducting the NRA Basics of Pistol Shooting course.
- Outline the content of the NRA Basics of Pistol Shooting course.

**Length:** 30 minutes

**Facility:** Classroom

**Training Aids:**

- Computer and digital projector, CD presentation disk, chalk or whiteboard, or flip chart
- *NRA Basics of Pistol Shooting Lesson Plans* (one per candidate)
- *NRA Guide: Basics of Pistol Shooting* student handbook (one per candidate)

### NRA TRAINING COUNSELOR GUIDE

#### NRA Pistol Instructor Training

**Revision date 6-17**

| a. **Basic** | The NRA Basics of Pistol Shooting Course is just that: a basic course. |
| b. **Student – Instructor ratio** | On the firing line a one-to-one student-to-instructor ratio on the firing line is encouraged whenever possible. If not possible, it should not exceed two-to-one. |
| c. **TPI** | NRA courses stress hands-on learning: total participant involvement (TPI). |
| d. **Breaks** | A 10-minute break should be given after every 50 minutes of instruction. |
| e. **Safety** | Safety must be stressed at all times, in your words and in your actions. |
| f. **Emergencies** | Emergency procedures should be established ahead of time. |
| g. **No live ammunition in class** | No live ammunition is permitted in the classroom under any circumstances. |
| h. **Student verification of unloaded firearms** | Any time you pick up a firearm, practice the three basic rules for safe gun handling: point it in a safe direction; keep your finger off the trigger; remove the ammunition source (if any), open the action, and visually inspect the chamber(s). Then have a student verify that the firearm is unloaded. |
| i. **Terminology for firearms** | Refer to guns as firearms, guns, pistols, handguns, etc., but not as weapons. Weapon has a negative connotation. |

2. **Course outline**

   **Turn** with candidates to the Course Outline of the *Pistol Lesson Plans*.

   a. **Course Goal**

   Review the course goal. Note that it is stated in terms of knowledge, skills, and attitude.

   b. **Length of course**

   Note the length of the course. Though it may vary, experience has shown that this is the estimated time necessary to adequately cover the material and have students acquire the specified knowledge, skill, and attitude. **Attainment of objectives is paramount.**

Revision date 6-17
### c. Student text
Show candidates a copy of the student handbook. Indicate that each student in an NRA Basics of Pistol Shooting Course must receive a copy. It is an excellent reference book that may be used both during and after the course.

### d. Course lessons
Review the structure of the course lessons. Note the sequence: pistol parts and operation, safety, ammunition, shooting fundamentals, live fire Lessons, scoring targets, selecting, maintaining, and continued opportunities for skill development.

### 3. Required materials
Note that each lesson lists required materials, for example; Firearms, eye and ear protection, performance requirements checklist, etc.

### 4. Learning objectives
Turn with candidates to Lesson I in the Pistol Lesson Plans. Note that each lesson begins with a list of objectives describing the knowledge, skills, and attitude students must demonstrate to verify that training has taken place.

### 5. Time
Note that the estimated length is indicated at the beginning of each lesson.

### 6. Location
Note that the location is indicated at the beginning of each lesson.

### 7. Training aids
Note that training aids are indicated for each lesson.

### 8. References
Note that the references indicate the informational sources that may be of use during the lesson.

### 9. Content/Instructional Notes
Note that the lesson plans have a two-column format. The left column identifies the lesson content, i.e., what the students will learn or Practical Exercises. The right column contains instructional notes, i.e., how the instructor should teach the content to students, along with other important information to be used while teaching.

### 10. Lesson plan walkthrough
Turn through the pages of the Pistol Lesson Plans. Summarize briefly the content of each lesson. Note the Practical Exercises: safe handling in Lesson I, shooting skills in Lesson III, and cleaning in Lesson IV.

Revision date 6-17
11. **Student exam and grading key**

   **Turn** with candidates to the Student Examination/Evaluation and Grading Key in the Pistol Lesson Plans. Explain that these are teaching tools used to help students learn, as well as to evaluate the students’ performance and the instructor’s effectiveness.

12. **Performance Requirements Check List**

   **Note** the Performance Requirements Checklist in the Appendix. Instructors complete this checklist with each student, and retain it for their records.

C. **Conclude Lesson**

1. **Summary**

   **Highlight** important points:

   - State the goal of the NRA Basics of Pistol Shooting Course.
   - Describe the structure of the *NRA Basics of Pistol Shooting Lesson Plans*.
   - Explain NRA policies on safety procedures, course length, required materials, and teaching methods to be followed when conducting an NRA Basics of Pistol Shooting Course.
   - Outline the content of the NRA Basics of Pistol Shooting Course.

2. **Questions**

   **Ask** candidates what questions they have about this lesson.

   Answer questions.

3. **Preview**

   **Preview** next lesson briefly.
Lesson VII: Teaching Pistol Lesson I: Pistol Knowledge and Safe Gun Handling

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to:

- Effectively teach the parts and operation of revolvers and semi-automatic pistols according to NRA lesson plans.
- Effectively teach the NRA fundamental rules of safe gun handling.
- Conduct a safe pistol handling Practical Exercise.

Length: 90 minutes

Facility: Classroom

Training Aids:

- *NRA Gun Safety Rules Card*
- *NRA Basics of Pistol Shooting Course Outline and Lesson Plans*
- Computer and digital projector, CD presentation disk, chalk or whiteboard, or flip chart
- NRA Guide: Basics of Pistol Shooting handbook
- Firearms (single- and double-action revolver and semi-automatic pistol)
- Appropriate dummy ammunition

2. Assign topics

Divide candidates into groups. Assign each group the task of preparing and presenting a brief training session on one of the following topics:

- **Group 1:** Will conduct a brief presentation on Section D: Gun Owner’s Responsibilities and Section E: Introduce lesson (REVIEW the learning objectives).

- **Group 2:** Will conduct a brief presentation on Section F: Why Americans Own Pistols, and section G: the types of pistol actions.

- **Group 3:** Will explain Section H: Revolver knowledge and Demonstrate how they operate Section J 1-2.

- **All Groups:** Will explain Section I: Semi-automatic Pistol Knowledge, and demonstrate how they function Section J 3.

- **Group 1:** Will explain Section K: Safe Gun Handling.

- **Group 2:** Will conduct Section L: Safe Pistol Handling Practical Exercise.

**Explain** that there will be several Practical Exercises during the remainder of the course. All candidates must assist in the preparation of each of their group’s presentations. All candidates will be expected to play a leading role in at least one classroom presentation and one range presentation (more, if possible).

**Note** that their presentations will be the primary way candidates will demonstrate that they have acquired the knowledge, skills, and attitude necessary to organize and conduct the NRA Basics of Pistol Shooting Course as NRA Certified Instructors.

**Encourage** candidates to use the indicated training aids during their presentations.

**Allow** time for preparation. **Circulate** among groups to observe their progress. **Assist** when necessary by guiding candidates to solve any difficulties themselves.
3. Presentations

Ask candidates to make presentations. Instruct other candidates to observe each presentation closely and make appropriate notes since their comments will be a primary source of input during the evaluation session to follow. Make appropriate notes on candidates’ performance. (Evaluations should be conducted immediately after each presentation.)

4. Evaluation

Ask candidates for specific comments on each presentation using the guidelines in the *NRA Training Counselor Guide*. Be sure all comments are positive and supportive.

5. Conclusions

Ask candidates how they would manage the topics time wise in an actual course, as well as what important things they learned during this Lesson. Share lessons you learned in your experience in teaching Lesson I as an NRA Certified Instructor

C. Conclude Lesson

Highlight important points:

1. Summary

- Effectively teach the parts and operation of revolvers and semi-automatic pistols according to NRA lesson plans.
- Effectively teach the NRA fundamental rules of safe gun handling.
- Conduct a safe pistol handling Practical Exercise.

2. Questions

Ask candidates what questions they have about this lesson.

Answer questions.

Lesson VIII: Teaching Pistol Lesson II: Ammunition Knowledge and the Fundamentals of Pistol Shooting

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to:

- Effectively teach ammunition components, types, and the firing sequence of a cartridge according to NRA lesson plans.
- Effectively teach ammunition identification, storage, and malfunctions according to NRA lesson plans.
- Explain the importance of determining eye dominance in beginning pistol shooters, and conduct an eye dominance exercise.
- Effectively teach the five fundamentals of pistol shooting according to NRA lesson plans.

Length: 90 minutes

Facility: Classroom

Training Aids:

- Computer and digital projector, CD presentation disk, chalk or whiteboard, or flip chart
- NRA Basics of Pistol Shooting Course Lesson Plans
- NRA Guide: Basics of Pistol Shooting handbook
- Firearms (single- and double-action revolver and semi-automatic pistols)
- Appropriate dummy ammunition
- Empty cartridge case for one of the pistols
- Empty ammunition box

B. Practical Exercise

| Turn with candidates to Lesson II in the Pistol Lesson |

Revision date 6-17
1. Introduction

**Plans.** Review the learning objectives, Lesson content indicated in the left column, and methods of instruction on the right.

**Review** the training aids and NRA materials to be used in teaching Lesson II.

2. Assign topics

**Divide** candidates into groups. **Assign** each group the task of preparing and presenting a brief training session on one of the following topics:

- **Group 1:** Explain Section B 1-5: Pistol Ammunition.

- **Group 2:** Explain Section B 6: Cartridge Malfunctions and Section C: **Review** Safe Gun Handling Rules.

- **Group 3:** Section D: Dominant Eye, and conduct a dominant eye drill; and Section G: Fundamentals of Pistol Shooting.

- **All Candidates:** Demonstrate with a partner that they can conduct Sections E (Position) and F (Grip).

You may wish to assign two topics to a group.

**Encourage** candidates to use the indicated training aids during their presentations.

**Allow** time for preparation. **Circulate** among groups to observe their progress. **Assist** when necessary by guiding candidates to solve any difficulties themselves.

3. Presentations

**Ask** candidates to make presentations. **Instruct** other candidates to observe each presentation closely and make appropriate notes since their comments will be a primary source of input during the evaluation session to follow. **Make** appropriate notes on candidates’ performance. (Evaluations should be conducted immediately after *each* presentation.)
4. Evaluation

Ask candidates for specific comments on each presentation using the guidelines in the *NRA Training Counselor Guide*. Be sure all comments are positive and supportive.

5. Conclusions

Ask candidates how they would manage the topics time wise in an actual course, as well as what important things they learned during this Lesson. Share lessons you learned in your experience in teaching Lesson II as an NRA Certified Instructor.

C. Conclude Lesson

1. Summary

Highlight important points:

- Effectively teach ammunition components, types, and the firing sequence of a cartridge according to NRA lesson plans.

Lesson IX: Basic Pistol Shooting Instructional Method

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to:

- Explain the importance of concentration for the success of beginning pistol shooters.
- List various ways the instructor can enhance the students’ ability to concentrate.
- Describe the NRA eight-step method for training beginning pistol shooters.
- Describe the coach/pupil method, ball and dummy technique, and explain the value of using them in the training process.

Length: 60 minutes

4. Ways to enhance concentration
   a. Small caliber ammunition for less recoil (.22 standard velocity)
   b. Proper grip size
   c. Manageable gun weight (but not too light)
   d. Medium barrel length
   e. Gun functional and mechanism clean
   f. Good quality ammunition
   g. Target close to shooter
   h. Target relatively large
   i. Target blank
   j. Good lighting
   k. Fair weather
   l. Little wind
   m. Comfortable clothing
   n. Instructor does not over instruct
   o. Adequate ear and eye protection

Important to the success of beginning shooters, what implication does this have for the instructor? **Discuss** responses. **Explain** that *everything the instructor does must be directed toward enhancing the shooters’ ability to concentrate.*

**Ask** candidates what ways the instructor can enhance a student’s ability to concentrate? **Discuss** responses.

**Identify** appropriate responses in your presentation, including those listed at left.
p. Avoid or control background noise

q. Keep spectators to a minimum

r. Stress fun as opposed to competition

5. Object of concentration

**Ask** candidates what beginning pistol shooters should concentrate on to ensure success? **Discuss** responses.

**Explain** that the students must learn to concentrate on the two most important fundamentals: *aiming and trigger control, with the visual focus on the front sight.* The students must learn to watch the front sight while squeezing the trigger straight to the rear in a smooth, continuous manner without disturbing the sight alignment. All other factors are secondary. **Remind** instructors that they will need to stress and reinforce this point regularly.

**C. Pistol Instructional Method**

**Turn** with candidates to Lesson III of the *Pistol Lesson Plans.* **Explain** that the NRA has developed an eight-step method for teaching beginning pistol shooters. Following the principles of total participant involvement, the method has the students perform a different activity in each step.

**Stress** that this method, along with the emphasis on concentration, was developed with the goal of ensuring *initial success* in beginning pistol shooters. Success encourages and motivates the students, ensures an enjoyable learning experience, and provides reinforcement to the training process.

1. Study the position

This involves students by having them *read, hear,* and/or *see* the elements of a good shooting position.

2. Practice position without gun

This has students *practice* what they have just
3. Practice position with gun

Once the students have achieved a good body position, the gun is added. The gun fits the position, not the other way around.

4. Align position with target

There are different techniques for aligning each position. Natural aiming area is stressed.

Note that the first four steps are concerned with putting the students into the correct position.

5. Dry fire Lesson

Ask candidates what the advantages of dry firing as an instructional technique are? Discuss responses, including the following:

- It allows the students to concentrate on technique rather than result.
- It allows the students to refine skills before live firing, increasing the likelihood of success.
- It makes it easier for the instructor to observe and provide feedback on the students’ technique.

6. Live fire Lessons

Students fire single-action for group size (not score) at a large, relatively close, blank target, loading one shot at a time. The instructor observes and provides appropriate feedback. Afterward, students participate in a five-shot Lesson to shoot a group.

7. Make appropriate sight adjustments

Students are taught to make sight adjustments from the benchrest position.

8. Resume live firing

Live firing is resumed, this time on a bullseye target, so students can learn the importance of proper sight picture. Afterward, the students repeat the first six steps when learning other shooting positions. It is extremely important that students learn to shoot a group, and then move it.
D. Instructional Techniques

1. Coach/pupil method

   a. Explanation

   Explain the coach/pupil method: an instructional technique that pairs two students who alternately play the roles of coach and pupil under the supervision of an instructor. A single gun is used for the two students. The “pupil” shoots while the “coach” provides instruction, support, and feedback under the direction of the instructor. The “coach” and “pupil” then reverse roles.

   Following the principles of total participant involvement, this method involves the people who are waiting for a turn to shoot (the “coaches”) in the learning process of those who are actually shooting (the “pupils”). The “coaches” become more keenly aware of what they have learned by articulating and communicating it to another student. This also reinforces learning for “pupils” and “coaches” alike.

   Note that the coach/pupil method should be used whenever possible throughout the eight steps of the NRA instructional method for teaching beginning pistol shooters on the range.

   b. Demonstration

   Choose two candidates to demonstrate the coach/pupil method. Appoint one to be the “coach,” the other the “pupil.” Have them come to the front of the room. Instruct the “coach” to assist the “pupil” in assuming the benchrest pistol shooting position. Note that even though it was not the “coach’s” turn to shoot, the “coach” actively participated and became involved in the learning experience of the “pupil” under the guidance and direction of the instructor.

   Note also that this method provides increased attention to safety because there is an additional person watching the shooter.
2. Ball and dummy technique

**Explain** the ball and dummy technique: *an instructional technique in which a student fires a gun whose condition (loaded or unloaded) is known to the instructor but not the student.*

**Ask** candidates what they think the purpose of this technique is? **Discuss** responses.

**Explain** that it allows both the student and the instructor to see clearly what the student is doing when the student believes there is a live round in the chamber. This helps the student concentrate on technique and reinforces correct skills execution.

**Note** that the ball and dummy technique may be used at the discretion of the instructor during the live fire portion of the range Lessons in the NRA Basics of Pistol Shooting Course.

**Highlight** important points:

- Explain the importance of concentration for the success of beginning pistol shooters.
- List various ways the instructor can enhance the students’ ability to concentrate.
- Describe the NRA eight-step method for training beginning pistol shooters.
- Describe the coach/pupil method and ball and dummy technique, and explain the value of using them in the training process.

**E. Conclude Lesson**

1. Summary

- **List** various ways the instructor can enhance the students’ ability to concentrate.
- **Describe** the NRA eight-step method for training beginning pistol shooters.
- **Describe** the coach/pupil method and ball and dummy technique, and explain the value of using them in the training process.

Lesson X: Teaching Pistol Lesson III: Shooting Positions and Shooting Qualification

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to:

- Effectively teach the learning steps to shoot from the benchrest position.
- Effectively teach the learning steps to shoot from the isosceles position.
- Effectively conduct the shooting qualification.

Length: 90 minutes

Facility: Range

Training Aids:

- *NRA Basics of Pistol Shooting Lesson Plans*
- *NRA Guide: Basics of Pistol Shooting* handbook

2. Assign topics

- **Training Counselor:** The Training Counselor will assume the role as an instructor, and facilitate Section B: Range Safety Briefing.

- **All Candidates:** Must teach section C-D (benchrest and two handed standing isosceles position) to another candidate using the 8 step method. **Note:** Remind the candidates that when they are students, they should shoot like one!

- **All Candidates:** Section F: Conduct the Shooting Qualification for another candidate.

*Note that this is a live fire Lesson. All live fire Lessons conducted during this instructor course should incorporate the coach/pupil method.*

**Because of the extreme importance of developing candidates’ range teaching abilities, every candidate must conduct each shooting position and shooting qualification.**

This is the final opportunity to have candidates make range presentations, review your notes to see whether there are any candidates who will require remediation or counseling prior to your recommendation.

**Allow** time for preparation. **Circulate** among groups to observe their progress. **Assist** when necessary by guiding candidates to solve any difficulties themselves.

3. Presentations

**Ask** candidates to make presentations. **Instruct** other candidates to observe each presentation closely and make appropriate notes since their comments will be a primary source of input during the evaluation session to follow. **Make** appropriate notes on candidates’ performance. Lesson XI: Evaluating and Improving Performance of Beginning Pistol Shooters

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to:

- Explain the definition, purpose, and process of evaluating beginning pistol shooters.
- Explain how to provide feedback in a positive manner.
- Discuss ways to improve the performance of beginning pistol shooters.

Length: 60 minutes

Facility: Classroom

is to improve the performance of the students in whom we are attempting to develop requisite knowledge, skills, and attitude.

3. Process

Ask candidates what an instructor needs to do when making an evaluation? Discuss responses briefly.

Explain that an instructor needs to know the correct behavior to look for, how to look for it, and how to provide feedback to enhance the students’ ability to perform it.

a. Standard

Ask candidates what behaviors to look for in beginning pistol shooters on the firing line? Discuss responses.

Explain that an instructor is looking for conformity to certain standards, namely, the safe and correct execution of the five fundamentals of pistol shooting.

b. Method

Ask candidates how to determine that the pistol shooting fundamentals are being executed correctly? Discuss responses.

Explain that this is determined primarily through observation of the gun while the students are shooting. Occasionally, the instructor should also watch the shooters, and take a look at the target between shots.

c. Feedback

Ask candidates how an instructor provides feedback when performance is correct? Discuss responses.

Explain that the instructor encourages and motivates the students to keep up the good work

Ask how the instructor provides feedback when performance is incorrect? Discuss responses.

Explain that according to the principles of total participant involvement, people learn by doing. The instructor, then, must involve students in the evaluation process by encouraging self-analysis and by directing the students to perform the correct action, not by describing the incorrect action. In other words, feedback must be positive to be effective.
Note that if adjustments to a student’s position are necessary, the instructor should demonstrate the correct position and/or give appropriate verbal instructions to the student. Only if this is unsuccessful should an instructor consider making physical adjustments to a student’s position. *Instructors must ask permission before physically adjusting a student’s position, and must do so in a manner that is both sensitive and professional.*

### C. Common Difficulties Among Beginning Pistol Shooters

Explain that in addition to recognizing correct behavior, instructors also need to know how to spot incorrect behavior and, more importantly, how to direct the students to improve.

Ask candidates what they think some of the more common difficulties experienced among beginning pistol shooters are. Discuss responses, including the difficulties listed at left. Ask candidates how to spot the difficulties, and how they would direct students to improve. Discuss responses briefly, including suggestions listed below.

6. Incorrect trigger squeeze

**Spot** through students’ target. ([See Common Pistol Shooting Errors in *NRA Guide: Basics of Pistol Shooting* handbook, Chapter 15.](#)

**Assist** by having students dry fire and asking students to concentrate on feeling the trigger move to the rear.

7. Incorrect follow through

**Spot** through students’ inability to call the shot by observing hits on the students’ target. ([See Common Pistol Shooting Errors, *NRA Guide to the Basics of Pistol Shooting*, Chapter 15.](#) **Assist** by having students’ dry fire and by using ball and dummy technique. Have students concentrate on calling the shot.

### D. Conclude Lesson

1. **Summary**

**Highlight** important points:

- Explain the definition, purpose, and process of evaluating beginning pistol shooters.
- Explain how to provide feedback in a positive manner.
- Discuss ways to improve the performance of beginning pistol shooters.

2. **Questions**

Ask candidates what questions they have about this lesson.

Answer questions.

3. **Preview**

**Preview** next lesson briefly.
Lesson XII: Teaching Pistol Lesson IV: Scoring Targets and Selecting and Maintaining a Pistol

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to:

- Effectively teach students to properly score a target.
- Explain to students basic guidelines for selecting a pistol.
- Identify the materials needed to clean a pistol and ensure your student can clean a pistol safely.

Length: 45 minutes

Facility: Classroom

Training Aids:

- NRA Basics of Pistol Shooting Lesson Plans
- NRA Guide: Basics of Pistol Shooting handbook
- Eye protection
- Pistols
- Targets used in Lesson III
- Cleaning equipment
- Other training aids as appropriate

Revision date 6-17
6. Assign topics

Divide candidates into groups. Assign each group the task of preparing and presenting a brief training session on one of the following topics:

- **Group 1:** Scoring Targets (section B)
- **Group 2:** Selecting and purchasing a Pistol (section C)
- **Group 3:** Caring for the Pistol (section D)

Encourage candidates to use the indicated training aids during their presentations.

Allow time for preparation. Circulate among groups to observe their progress. Assist when necessary by guiding candidates to solve any difficulties themselves.

7. Presentations

Ask candidates to make presentations. Instruct other candidates to observe each presentation closely and make appropriate notes since their comments will be a primary source of input during the evaluation session to follow. Make appropriate notes on candidates’ performance. (Evaluations should be conducted immediately after each presentation.)

8. Evaluation

Ask candidates for specific comments on each presentation using the guidelines in the *NRA Training Counselor Guide*. Be sure all comments are positive and supportive.

9. Conclusions

Ask candidates how they would manage the topics time wise in an actual course, as well as what important things they learned during this Lesson. Share lessons you learned in your experience in teaching Lesson IV as an NRA Certified Instructor.

Lesson XIV: Using the NRA Basics of Pistol Shooting Course Evaluation, Performance Requirements Checklist and Pistol Instructor Examination

Learning Objectives: As a result of their participation in this training session, instructor candidates will be able to explain to students:

- Explain the importance of completing the Performance Requirements Checklist.
- Explain the role of student evaluations in instructor development.
- Explain the importance of recognizing students upon successful completion of a training course.
- Explain how to finalize credentialing with the National Rifle Association.

Length: 90 minutes

Facility: Classroom

Training Aids:

- NRA Trainer’s Guide
- NRA Basics of Pistol Shooting Lesson Plans (ILT)
- NRA Pistol Instructor Examination (one per candidate)
- NRA Instructor Course Completion Card (one per candidate)
- NRA Basics of Pistol Shooting Course Evaluation (Appendix 6)
- Performance Requirements Checklist (Appendix 4)

<tr>
<td>B. The Role of The Performance Requirements Checklist</td>
<td>Ask candidates what role they believe the Performance Requirements Checklist plays in the training process. Discuss responses. Explain that a checklist should be viewed as one of many teaching and evaluation tools that help instructors and students alike determine whether training has taken place. The checklist determines progress as well as point out areas where additional training may be necessary to</td>

develop the desired knowledge, skills, and attitude.

The checklist provides a guide to enable an instructor to validate that each objective has been completed, which includes the acknowledgement of the student. If a student is not comfortable signing off on a particular objective, the instructor should revisit this area of the course with them; until they are confident they can perform the particular skill.

Note that Instructors should complete the Performance Requirements Checklist with their students and maintain a copy for their records.

C. The Role of Student Evaluations in Training

Distribute the NRA Instructor Course Evaluation. Ask candidates what role they believe student evaluations play in the instructor development process. Discuss responses.

Explain that instructors need to strive for constant improvement in their organizational and teaching skills. Their students are important sources of input in this process.

Explain that they should take a few minutes and complete the evaluation and return it to you.

Explain that they will be receiving evaluations from their students when they conduct the NRA Basics of Pistol Shooting, and NRA sends electronic surveys to students as well.

D. The Role of Recognition in Training

Ask candidates what role they believe student recognition plays in the training process. Discuss responses.

Explain that recognition is a way of rewarding students for their efforts, signifying that they have achieved a certain level of proficiency, encouraging their continued participation, and motivating them to do so.

E. Instructor Examination

Distribute an NRA Pistol Instructor Examination. Allow candidates to use the NRA Trainer’s Guide, the NRA Basics of Pistol Shooting Lesson Plans and the NRA Guide: Basics of Pistol Shooting Handbook during the
examination, along with any notes they may have taken in class. **Allow** 60-90 minutes for candidates to complete examination.

Note that candidates must achieve a minimum grade of 90% on the instructor examination to be eligible for certification. The examination is used together with other evaluation tools to determine whether candidates have successfully completed the instructor training course.

F. **Exam Grading and Review**

**Have candidates exchange examinations** for grading. Review correct answers and **have candidates’ grade** examinations. Once graded, return exam to the owner.

Provide an opportunity for one-on-one interviews. Candidates should discuss correct answers to missed questions.

**Collect** examinations. Check each examination. You are responsible for their accuracy.

G. **Instructor Certification**

**Explain** that candidates will need to register at NRAInstructors.org 48 hours after you submit the electronic Instructor Course Report to activate their credentials. When they register, they will be required to acknowledge the electronic disclaimer, pay their credentialing fee online, verify their contact information is correct and then print or download their certificate/ID card. This process must be completed within 30 days after the course report is submitted. They will not be able to perform in the capacity as an NRA Trainer until they finish this process.

**Explain** what they will need to complete the credentialing process:

1. An NRA number or existing NRA instructor number.  
   **Note:** Candidates may attend the course without an NRA number. However, **non-members who are not yet instructors will have to wait for their non-member instructor number to be assigned and sent to them by email. This will happened AFTER they have been processed by NRA Training Department as long as the instructor course report is completed correctly.**
They should not contact NRA Training Department for it. Once non-members receive their NRA non-member number they can register and complete processing. IF THEY JOIN DURING THE COURSE, they will also have to wait. Remember, membership before the course is most expedient!

2. Access to some electronic device that they can use to login in and register at NRAInstructors.org.
3. A valid email address.
4. Some method of printing or downloading credentials from NRAInstructors.org.

**H. Instructor Course Completion Cards**

Distribute NRA Instructor Course Completion Cards to candidates who have successfully completed the course. Note that NRA does not send them their instructor credentials. Congratulate them on their accomplishment.

Explain that they will be distributing course completion certificates to students who successfully complete the NRA Basics of Pistol Shooting Course.

**I. Conclude Course**

1. **Summary**

Highlight important points:

- Explain the importance of completing the Performance Requirements Checklist.
- Explain the role of student evaluations in instructor development.
- Explain the importance of recognizing students upon successful completion of a training course.
- Explain how to finalize credentialing with the National Rifle Association.

2. **Questions**

Ask candidates what questions they have about this lesson.

Answer questions.

Ask candidates what questions they have about the NRA Instructor Training and Basic Firearm Training Programs.
3. Thank you

Answer questions.

**Thank** candidates for assisting the National Rifle Association in training the next generation of American shooters to use their firearm freedoms safely and responsibly.
